## VERSATILITY

Our Easy Move Lift gives added value to their setting, through simple tailor-made installations, both indoors and out.

Available **from two to five floors**, it is an ideal system both for renovation projects and for new buildings: no masonry work required.

## VALUE, COMFORT AND SECURITY

Quiet and discreet, it is absolutely convenient even for transporting the shopping, child buggies and any other heavy or bulky items from one floor to another within the home.

With Easy Move, getting around the house could not be easier. They fit into any surroundings, guaranteeing your home **a prestige installation that will increase its value.**

## EASY MOVE WITH STRUCTURE

The Easy Move Lift has state of the art structures in terms of strength, versatility and design.

These structures can be customised with different types of glass panelling to suit installations of all kinds, with tailor-made versions and installations even in particularly difficult applications.

An outdoor lift never requires invasive building works: installation is completed quickly and with great care, thanks to a network of skilled dealers always up to date with the latest products and techniques.

Simplex Elevators complies with all Australian Standards and International best practices.
